Bike Week winners!

We recruited about 20 cyclists to join LCC, with the offer of a free bike computer to anyone joining in Bike Week. This was more than any other local group! We will be able to use this 'recruitment inducement' in future events this year.

From Islington Cyclist 10 years ago...

An ICAG first? Was this the first time that details of an ICAG event were posted on line? Text and pictures of ICAG's Festival of Cycling that year were posted on the Islington section of the LCC web site.

Owen Street "We will be putting the case for a straight run across City Road and Goswell Road without having to wait for the red lights" by Gavin Killip. [Ed: 10 years later, although 'improvements' were implemented last year, there is still no straight run without waiting for a red light.]

Where do we go from here?

Thanks to Stephen Taylor who brought a detailed plan about future ICAG priorities to the last ICAG meeting. He was using the following recent ICAG campaigns.

- 1. Permeability
- 2. 20 mph on all roads
- 3. Cycle Parking
- 4. Road Danger Reduction
- 5. Madras Place
- 6. Bunhill Row
- 7. Connect 2
- 8. Cycle Superhighways
- 9. Gyratories

10.

Following discussion, we had an indicative vote for the most important which were 20mph and cycle parking.

Full details and an online survey to find out your views on our future priorities will be available on our website.

First 🥟 Capital Connect

We understand the railway company First Capital Connect may have money to put cycling parking outside its stations. We'll be pursuing this! 4 thefts from these sheds in one night! Lock them well!

If you are using a Trimetal Protectacycle Bike Store bicycle shed make sure you use the main hasps! The shed is advertised as one of the safest but there have been a recent spate of thefts. In Highbury one night, thieves broke into 4 different sheds. The lid was secured only by the handle. The handle locking point for the padlocks was cut off allowing the thieves to lift the

The Protectacycle comes with two hasps on the front skirt that should be used with the padlocks supplied, to secure the bottom of the door. Make sure you use them! JA More at www.icag.org.uk/posts/protectacycle

This newsletter to go?

The expense of inserting newsletters into the London Cyclist may mean the ending of this black and white edition, inserted into London Cyclist. We are being urged to send borough news by email. An alternative would be producing a newsletter, but 'publishing' it only on our website.

Islington's Cycling officer

The Borough have a new cycle training officer, working in Road Safety & Special Projects. We hope to meet him soon. C David Shannon T 020 7527 4082 E David.Shannon@islington.gov.uk

Bunhill Row Campaign

We've been campaigning for 2way cycling on Bunhill Row for some time. There's a site visit planned (ICAG members invited) and, according to the Islington Gazette, there is £176,000 allocated. Council Leader Catherine West referred to 'an excellent campaign by ICAG' in the same article. This was very pleasing

"But we got this far last year, plans drawn up, money allocated, but no implementation." said John Ackers, ICAG activist. With the backing of Leader Catherine West and Claudia Webb, maybe this time?

Have you voted for LCC?

If LCC have your current email address, you should have received an email inviting you to rank 4 key issues. LCC will use the most popular for a major, single issue campaign for the Mayoral and London Assembly Elections. If you haven't voted, it only takes a few minutes! The email comes from 'DemoChoice', and the subject reads 'You have been invited to take part in a DemoChoice poll.' If you haven't received an email, the membership team will be happy to put this right! E membership@lcc.org.uk T 020 7234 9310
